TANGERINE

Variety: W Murcott and Mavaceo

Presentation: Bags

Description:

The mango is the fruit of the *Mangifera indica* tree. It is oval or elongated in shape, with a skin that varies from green to yellow or reddish depending on the variety and ripeness. Its flesh is fleshy, juicy, and sweet, with a large central pit. It is eaten fresh, in juices, jams, and desserts, and is also used in the industry to make pulp, concentrates, and dehydrated foods.
